

Classmate PC®

LEAPT304

12-14 years old Middle School

Explore and experiment

As an educational device, **LEAP T304** was designed to support children in their learning journey through the development of key skills of this age range, such as observation, experimentation, creativity, imagination and expression.

Purpose-built for Education

Designed as a classic laptop for students who look for productivity, portability and a great performance, LEAP T304 was especially designed to be used by children. For instance, the possibility of dropping the device to the floor or accidental spills on the keyboard were kept in mind.
